Adrian Prelipceanu

About me:

Born and raised in Romania, I stepped foot in USA in 2000, in Athens in 2004, with the desire to open a climbing gym for this great place.

I'm the proud owner of Active Climbing, which came to life in 2008.

I'm grateful to be considered a townie and make so many good memories here, along so many great people.

I love what I do and I hope with my presence in this awesome dance competition, it will bring awareness to the climbing community as well as everyone around me.
