

Team 2

Joseph Stunzi

Instructor

About me:

Joseph Stunzi is an Athens native who works in product and technology, building and launching products with Meta, Silicon Valley startups, and his current venture, Integrity AI. His career focuses on the intersection of technology, storytelling, and creative problem-solving.

Outside of the tech world, Joseph has danced in Athens as a member of the UGA Ballroom Performance Group, Contact Dance Company, and Revolution Salsa Company.

When he's not working or dancing, Joseph can usually be found exploring Athens' restaurants as a proud foodie or performing improv comedy around town.

Joseph is honored to participate in Dancing with the Athens Stars in support of Project Safe and the important work they do for survivors in our community.
